11/27/18:

Hi All,

EPA would like to invite the Services to a conference call on Wednesday, December 12, 2018 from 9 to 10 am (Pacific), to discuss the proposed selenium rule for certain California fresh waters. We expect the EPA Acting Administrator to sign the proposal by this Friday, November 30, 2018, and the rule to be published in the Federal Register by December 14, 2018. We will post the prepublication version of the rule on our website early next week, and will send out notices to everyone with a link.

I will send out audio and webinar information shortly, along with an agenda for the call. This invitation is to ensure that the date and time are confirmed on your calendars!

Thanks,  
Diane Fleck
